Form 990, Part VI, Line 15a - Compensation Process for Top Official

In developing the model, the Executive Committee considered factors including fairness of compensation without excessive salary growth while rewarding excellent performance, justifiability of the expense as a proportion of the organization's resources, as well as input from consultants and Executive Directors of similar sized organizations. The current process is intended to provide a steady model for salary growth, requiring appropriate but not excessive annual time investment of the Executive Committee and Board. When determining a raise, the Executive Committee and Board must find a number that is not only appropriate for the caliber of work, but one that is responsible to external stakeholders. The specific raise can include COLA plus a merit-based percentage. An overall score is used to determine the appropriate range for a merit-based salary increase. The overall score is determined by finding the mean of all scores given on the Executive Director Annual Evaluation by the Board of Medical Students for Choice \*\*-\*\*\*3777 Directors (both Directors and Staff complete evaluations of the Executive Director and the Executive Director completes a self-evaluation). The total raise (including both COLA and merit adjustment) generally should not exceed 7% in any given year and
